Dear Sir:

I hereby certify that I am the attorney of record for the above referenced patent application. I conducted a prior art search and, based upon the search results, I have prepared Form PTO-1449, enumerating the class, subclass, patent numbers and patentees, and the concomitant information disclosure statement enclosed herewith.

Upon review and analysis of the prior art patents found during this search, and a subsequent discussion of this art with Applicant, I arrived at the opinion that the instant invention is not anticipated by this art and that the instant claims represent allowable subject matter and are proper in form and substance for the examiner to issue a notice of allowability.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false

statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

Respectfully submitted,
